FREE AUDIO RECORDER FOR MUSIC AND PODCASTS ON YOUR COMPUTER.

Audio podcasts, audio lectures, music tracks, music podcasts- whatever your audio recording needs are, Easy Audio Recorder Lite will rise up to the challenge! This audio software is really easy to use, and it will help you produce WAV audio recordings on your computer. Try out the customizable settings and find the best fit for your audio recording needs.

Easy Audio Recorder features:

- Recording controls: Record, Pause, Stop, Stop & Skip buttons;
- Play controls: Play, Pause and Stop buttons. The Play button on the right side has a drop-down menu with more options;
- Audio input device. Unless you customize this option, the app will use a default audio input device (e. g. Built-in Input), For instructions on how to switch to a different audio input device, go to Settings and click on "Built-In Input", or watch our short video tutorial;
- Sample rate: 22050 Hz, 11025 Hz;
- Channels: 1 (mono) and 2 (stereo);
- WAV audio format.

With Easy Audio Recorder Lite, you can easily record digital audio, listen to your recorded audio podcasts or music tracks, rename them, copy them, send them. If, for some reason, you don't like the way your file turned out, you can move it to Trash. This way, if you should change your mind about it, not all is lost! Download now and enjoy this free audio recording app!

Try our full version (<http://neonway.org/easyaudiorecorder/>) of Easy Audio

Recorder!

Check out our "How-To" tutorial on YouTube!

1/2 Easy Audio Recorder: recording audio in M4A, W...  

WHAT'S NEW IN VERSION 1.6:

- The "Move to Trash" option instead of permanently deleting files;
- All recorded files are sorted chronologically, from the newest to the oldest;
- Resolved the issue of handling/backing up audio files in emergency cases (e.g. per outage, errors due to unknown reasons);
- Reduced app size (around 1 MB);
- Improved "Share" and "Like/Join Us" functionality;
- Bright green "Today" labels highlighting the files recorded on that day;
- Cross promotion banner that you can close;
- Video tutorial.

WHAT'S NEW IN VERSION 1.5.1:

- Fixed the pause button on play-out;
- Small GUI changes and a cross promo.
