## EASIEST WAY TO LEARN AND PLAY BANJO!

**Listen article.**

**Banjo chords Lite is a gratis app for Banjo. This app helps you to learn finger positions on the banjo fingerboard. All of the most important major chords are there to help you in this free edition available!** (THE full version of 120 Banjo Chords (<http://neonway.org/120banjochords/>) provides you with both major and minor chords). If you search for beginners' banjo-app or your own Banjo Music composer, Here are your right app!

Are you right-handed or left-handed? Our clear user interface with Retina support lets you choose which hand to use in playing banjo ace. The volume is also adjustable. If you want to strain out a major chord, select its tone and it will appear on your screen as a banjo chord chart, banjo tabs and as a colored picture with Finger positions on a banjo fingerboard. Now click on "Play" and hear the chord! You can also use the app to create your own chord progressions for Banjo Music. You can then save this chord progressions, delete and reload. Or, you can use the chord sequences with the help of drag and Drop in your documents

The sequence of the chords in your Banjo chords can be changed anytime and full chord progressions can be transposed if you want to customize your voice.

Have fun with Banjo chords Lite! Download the app right away! Take a look at our tutorial video on YouTube! We explained step by step how the different settings of the app work
