

## MANDOLIN CHORDS LITE APP

The image shows a screenshot of the 'Mandolin Chords Lite' app interface. The app is in Russian. At the top, there's a menu icon, a 'Limitations' button, and icons for settings, info, like, heart, and share. Below this is a grid of chord buttons labeled A through G, with flats and sharps. A play button is on the left. The main area shows a fretboard diagram for A<sup>b</sup> and a guitar-style diagram for A<sup>b</sup>. A hand is shown playing a mandolin. At the bottom, there are volume controls, 'Sound On', 'Transpose', and 'Favorites' buttons. A sequence of chords (E, F#, A, D, G, A) is shown at the very bottom. Annotations in Russian point to various features: 'Набирайте аккорды' (Type chords) points to the chord grid; 'Слушайте аккорды' (Listen to chords) points to the play button; 'Переносите аккорды в любой редактор' (Move chords to any editor) points to the fretboard diagram; 'Смотрите аккорды' (View chords) points to the guitar diagram; and 'Создайте свою собственную последовательность аккордов' (Create your own sequence of chords) points to the bottom chord sequence.

## HOW TO LEARN TO PLAY THE MANDOLIN ON YOUR OWN!

### A usable app that will allow you to learn how to play mandolin, write songs and learn chords.

MandolinChordsLite is an easy-to-use program that has been developed for people who want to learn how to play mandolin on their own. The app will be useful for both beginners and musicians with mandolin experience: you can learn, practice and write music.

### Comprehensive study

MandolinChordsLite is suitable for beginner musician and anyone else who wants to learn how to play mandolin. This application will give you the opportunity to learn music theory by depicting chords on individual buttons at the top of the main window. When you click on a chord, it plays back. In addition, you can see tabs and where points, which strings need to be clamped to extract the same sound. In addition, this program has images of the correct position of fingers relative to the vulture for each chord.

### Intuitive creator of music tables

This program can help you write your own musical compositions by adding notes to a music table that can be saved and played at any time. In addition, you can edit them at any time and change or tone, or completely change the chords. Moreover, each, created in this way, the musical table can fit the range of your voice, if you plan to accompany yourself.
